EXPERIENCE

CMS IT Services Pvt. Ltd.

Full-time Executive Engineer

June 2026 – Present

Kolkata, India

- Promoted to Full-time Executive Engineer, applying Java, Spring Boot, REST APIs, and SQL knowledge to support and improve enterprise applications.
- Contributing to application-related troubleshooting and technical improvements while strengthening backend development and software engineering skills.

CMS IT Services Pvt. Ltd.

Associate Engineer

April 2025 – June 2026

Kolkata, India

- Supported and maintained critical IT infrastructure and application environments for enterprise clients.
- Collaborated with teams on software improvements, bug fixes, and minor feature enhancements.
- Developed practical experience in Java, Spring Boot, cloud platforms, and system reliability while building full-stack projects independently.

Freelance Software Developer

Upwork | Fiverr

Dec. 2023 – Feb. 2025

Remote

- Built full-stack web applications using Java, Spring Boot, React, and MySQL, handling frontend interfaces and backend logic.
- Developed RESTful APIs with secure authentication, authorization, and JWT-based access control.
- Integrated Cloudinary for media uploads and content management.

PROJECTS

Video Streaming Platform [\[Live Demo\]](#)

- *Technologies:* Java, Spring Boot, Spring Security, React, MySQL, Cloudinary
- Built a full-stack video streaming platform with authentication, video uploads, streaming, search, profiles, and account verification.
- Developed REST APIs with Spring Security, JWT authentication, BCrypt hashing, OTP verification, password reset, and role-based access control.
- Integrated Cloudinary for media storage with MySQL and JPA/Hibernate for persistent data management.

Secure Authentication System [\[Live Demo\]](#)

- *Technologies:* Java, Spring Boot, Spring Security, OAuth2, JWT, TypeScript, React, Vite
- Developed a secure authentication backend with short-lived JWT access tokens and refresh-token based session management.
- Implemented Google and GitHub OAuth2 alongside email/password authentication with BCrypt hashing and secure HTTP-only cookies.
- Designed authentication APIs with JWT validation, token refresh handling, CORS configuration, and secure frontend integration.

EDUCATION

Bengal College of Engineering and Technology

B.Tech in Computer Science and Engineering | CGPA: 8.24

Aug. 2018 – June 2022

Durgapur, West Bengal, India

SKILLS

Programming: Core Java, JavaScript, TypeScript, SQL

Backend: Spring Boot, Spring Security, REST APIs, JPA, Hibernate, JDBC, JWT, OAuth2

Frontend: React.js, Vite, HTML5, CSS, Tailwind CSS

Database: MySQL

DevOps & Tools: Docker, CI/CD, Git, GitHub, Maven, Swagger / OpenAPI, Postman, Axios, Zustand, Cloudinary

LANGUAGES

Languages: English, Hindi, Bengali
